

Sharon Hosegood
ASSOCIATES

Sharon Hosegood Associates is an innovative arboricultural consultancy providing advice on managing trees on development sites, in the wider landscape and within the community. We have particular expertise in tree root radar investigations and also design and deliver community engagement projects. We provide bespoke, yet pragmatic arboricultural solutions to the construction industry, local authorities and landowners.

We need a full time Senior Arboricultural Consultant to join our expanding team.

To be considered for the role, we are seeking candidates with the following:

- Previous experience in the delivery of consultancy services within a commercial environment
- Ability to meet and exceed client expectations
- Excellent report writing skills
- Thorough working knowledge of planning system/legislation as well as with BS 5837: 2012 Tree Surveys and the preparation of Arboricultural Impact Assessments / bespoke Arboricultural Method Statements
- Good communication skills
- A sound understanding of health and safety related issues regarding site survey and supervision
- FdSc Arb, BSc or PD Arb in Arboriculture or equivalent professional qualification
- LANTRA Professional Tree Inspector Certificate (desirable)
- Professional member of the Arboriculture Association, International Society of Arboriculture or the Institute of Chartered Foresters or actively working towards these accreditations.
- A demonstrable IT skill-set to encompass a very good working knowledge of Microsoft Word, Outlook, and Excel; attention to detail essential.
- Ability to learn new software, including GPS, CAD (if not already a user). Driving licence essential; practice based in Chelmsford, Essex.

Dependant on qualifications and experience, a very competitive salary will be offered. A benefits package will also be in place.

Sharon Hosegood Associates is an Equal Opportunities Employer
